

I'm not sure if you are familiar with the counseling of inmates, but part of the changing of their behavior is to change their thought patterns thereby changing their behaviour patterns. We act out on what we think about. Or if you are more familiar with technology and computers. Garbage in, garbage out. What we put into our minds eventually comes out. If it is vulgar, or worldly, that will eventually show up in our behaviour. I will not throw scripture at you. Its just that with today's society as corrupt as it is, I am sure that you would not want to take something away that fills us with the positive . Something that points toward God is not a bad thing . I am a single Mom raising two children. I want my children to here somthing positive, and with values. I don't want them to become desensitized by what the rest of the world has to offer. I want them to be influenced by KLOVE.
